— IRON & STEEL —

Heyaansh Iron & Steel

Industrial Steel Supply Solutions

Your trusted partner for high-quality iron and steel materials. We supply a wide range of steel products for fabrication, construction, engineering, and industrial requirements — with consistency, certification, and commitment.

-  MS PIPES
-  HOLLOW SECTIONS
-  STEEL TUBES
-  STRUCTURAL STEEL
-  RELIABLE SUPPLY
-  QUALITY MATERIALS

Free consultation for businesses and projects.

We are authorised dealers of JSW One Helix ERW pipes and tubes - backed by JSW Steel's integrated mill and supplied with mill traceability, IS certification and consistent mechanical properties.

AUTHORISED DEALER

Brand
JSW One Helix

Raw Material
100% HR Coil from JSW mill

Standards
IS 4923 / IS 1161 / IS 3601

Mill Test Certs
Traceable with every order

Surface
Better straightness, less waste

Delivery
Pan-India supply available

Available size range

SHS
Square Hollow Section
20 x 20 - 150 x 150 mm

RHS
Rectangular Hollow Section
40 x 20 - 200 x 100 mm

CHS
Circular Hollow Section
15 - 200 NB

THK
Thickness Range
1.0 - 5.0 mm

Steel solutions for every project - from ERW structural tubes to flat products, sections, DI pipes and binding wire.

1 IS 4923 / IS 1161 / IS 3601 ERW Structural Tubes & Pipes

Square, rectangular and circular ERW structural steel tubes made from 100% hot rolled coil, with superior strength and smooth surface finish.

- SHS / RHS / CHS
- Thickness: 1.0 - 5.0 mm
- PEB / fabrication ready

2 IS 2062 MS Coils, Sheets & Plates

Hot rolled and cold rolled coils, cut-to-size sheets and plates supplied with heat and coil number traceability.

- HR / CR coils
- Cut-to-size sheets
- Plates in various grades

3 IS 2062 Structural Steel Sections

Hot-rolled beams, channels, angles and flats for stable, code-compliant structures, industrial sheds and frames.

- I / H beams
- C / U channels
- Angles and flats

4 IS 8329 DI Pipes

Ductile iron pipes for water distribution, utility and infrastructure works with coating, lining and pressure class details.

- Water distribution
- Utility infrastructure
- Class certified

5 IS 280 Binding Wire

MS and black annealed binding wire for construction tying and rebar bundling, supplied in standard coils ready for site use.

- 16 / 18 / 20 SWG
- ~25 kg coils
- Low breakage

Consistent quality, transparent sourcing and dependable logistics - across every tonne delivered.

1

BIS Certified Products

Products meet IS standards and are supplied with mill test certificates traceable by heat and coil number.

2

Fast Dispatch

Organised logistics network for timely delivery to construction sites, fabrication plants and dealers.

3

Full Traceability

Chemical and mechanical property reports available on demand, with quality documentation for every order.

4

Wide Range

JSW One Helix ERW tubes, flat products, sections, DI pipes and binding wire under one sourcing window.

Sectors served

Construction & Real Estate

Steel Fabricators

Infrastructure Projects

Industrial Manufacturing

Water & Utilities

Agricultural Structures

Commercial Buildings

Engineering Workshops
