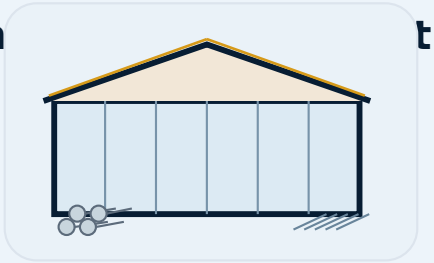
Everything Your PEB Project Needs

Heyaansh supports PEB shed contractors with coordinated sourcing across steel, roofing, fasteners, ERW tubes, electrical materials, civil supplies and documentation.

From item enquiry to complete sh t

This brochure is organised around how contractors actually buy: primary framing, secondary members, roof and wall cladding, fasteners, utility materials and documents for client submission.



Primary customer segments

P — **PEB Contractors**

Complete material basket for shed execution and replacement orders.

F — **Fabricators**

Tubes, purlins, plates and consumables for shop-floor fabrication.

O — **Factory Owners**

Roofing, shed expansion and maintenance procurement support.

R — **Roofing Teams**

Sheets, ridge caps, gutters, trims, fasteners and accessories.

W — **Warehouse Projects**

Frames, purlins, roofing and cladding materials for storage buildings.

C — **Consultants**

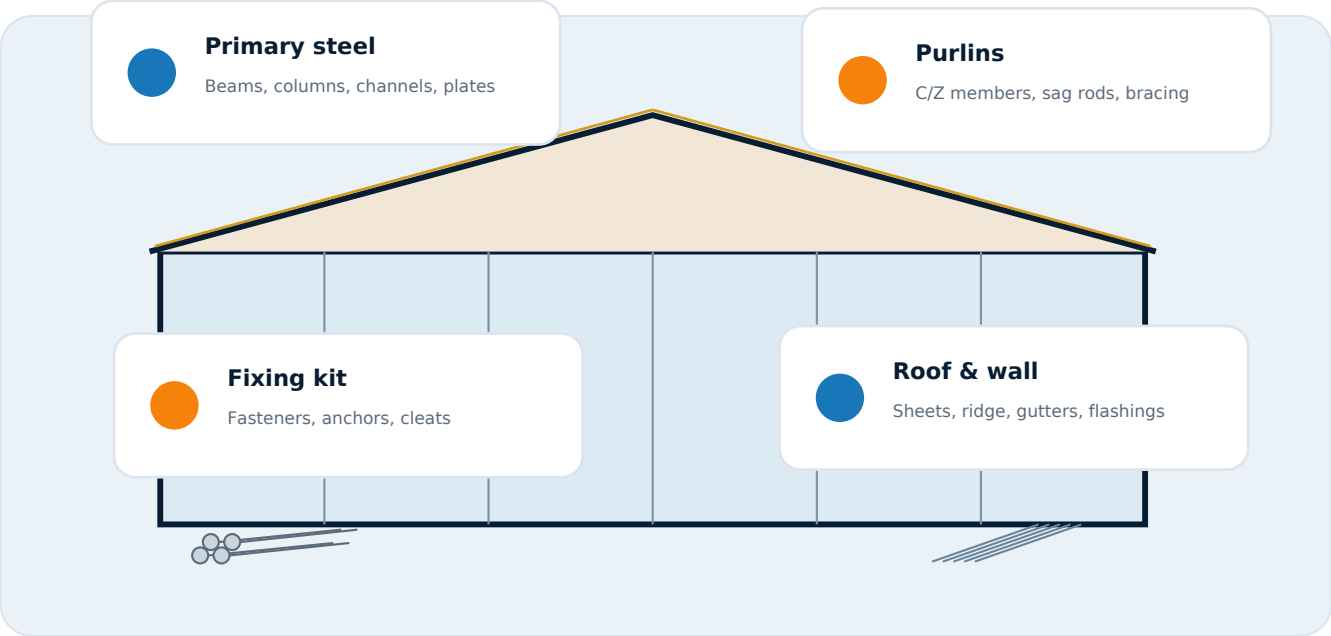
Clear product breakup for quotation comparison and specification review.

! — **Catalogue positioning**

A sales-friendly procurement catalogue for project buyers. Stock, size, grade, coating and commercial terms remain subject to quotation-stage confirmation.

PEB Shed Product Basket

A practical component-wise view of the materials needed for industrial sheds, warehouses, factory extensions and roof replacement projects.



Quotation-friendly product breakup

Shed area	Products to quote	Typical use
Main frame	I/H beams, channels, angles, plates	Columns, rafters, supports, base plates
Secondary frame	C/Z purlins, tubes, flats, bracing rods	Roof support, wall support, tie members
Envelope	Roofing sheets, wall cladding, ridge, flashing	Weather protection and exterior finish
Fixing	Fasteners, anchor bolts, cleats, washers	Assembly, installation and site reliability
Site support	Binding wire, welding consumables, dispatch documents	Execution and handover coordination

Complete Material Supply

From primary structure to the last fastener, Heyaansh coordinates the material categories required by PEB shed contractors.

Structural Steel

I-beams and H-columns, channels, angles, flat bars, base plates, IS 2062 certified materials and MTC support.

Roofing & Cladding Sheets

Colour coated roofing sheets, galvanised plain/corrugated sheets, insulated panels, ridge caps, flashing and custom lengths.

Fasteners & Fixings

Structural bolts, nuts, washers, anchor bolts, self-drilling screws, J-hooks, cleats and foundation hardware.

ERW Tubes & Pipes

Square, rectangular and circular hollow sections for secondary members, fabrication, railings and support structures.

Electrical & Utility

Cable trays, conduit pipes, junction boxes, earthing strips and industrial lighting fixtures where project demands.

Civil & Finishing Materials

TMT rebars, cement, aggregates, waterproofing compounds, sealants, fillers and grouts as required.

Project-ready procurement support

Quote by BOQ, drawing schedule or category list. Availability, grade, brand, coating, documents and delivery are confirmed at quotation stage.

Ready-to-Dispatch Pipes & Tubes

Featured hot-stock support for PEB contractors includes MS square and rectangular tubes, available subject to confirmation and final billing by actual weight.

JSW One Helix ERW MS Tubes

Ex-stock dispatch from Maraimalai Nagar yard, Chengalpattu (TN). IS 4923 / IS 1161 and MTC support can be confirmed during quotation.

Typical tube enquiry examples

MS Square Tubes

25 x 25	2.00 / 2.50 / 2.80 mm
38 x 38	1.60 / 2.50 mm
50 x 50	1.60 / 2.00 mm

MS Rectangular Tubes

60 x 40	2.00 / 2.50 / 2.80 mm
75 x 25	2.00 / 2.50 / 2.80 mm
80 x 40	1.60 / 2.00 / 2.50 / 2.80 mm
100 x 50	2.00 / 2.50 mm

1. **Hot stock confirmation**
2. **Full-load project orders**
3. **Final billing by act weight**
4. **Documentation package**

Built Around Contractor Workflow

The supply model is designed to reduce vendor coordination, documentation gaps, stock delays and site follow-up burden.

1

Single Source, Full Project

Structural steel, sheets, fasteners, electrical and civil materials coordinated from one supplier.

2

Mill-Test Documentation

MTC and traceability documents for applicable structural steel and certified categories.

3

Site-Ready Delivery

Timed deliveries aligned to project schedule with consolidated dispatch support.

4

Competitive Bulk Pricing

Bulk pricing support for full-load and project orders.

5

Documentation Support

PO, delivery challan, MTC package and invoice document coordination.

6

Consistent Supply

Fast-moving items can be planned to reduce mid-project stock gaps.

!

Common problems reduced

Delays from multi-vendor follow-up, missing MTC documents, grade mismatch, roofing/cladding delays and short supply of small but critical erection materials.

Across All PEB Shed Applications

Support for factory sheds, warehouses, roofing projects and PEB material requirements based on BOQ and supply feasibility.

Industrial Warehouses

Wide-span, clear-height structures for manufacturing...

Factory & Production

Column-free floors with overhead crane provisions and service...

Cold Storage

Insulated panel systems and sheet support for...

Agri & Rural Sheds

Durable shed structures for rural storage and farm use.

Commercial Buildings

Retail, showroom and office PEB structures with clean finish...

Canopies & Extensions

Tubes, purlins, sheets, fasteners and accessories for add-on bays.

Information needed for faster quotation

- Project location
- Delivery timeline
- ERW tube size and quantity
- Fasteners and anchor bolts
- MTC/documentation requirement
- Project type
- Structural steel requirement
- Roofing sheet type / thickness / colour
- Grade or IS standard required
- GST and billing details

Heyaansh

START YOUR

PEB PROCUREMENT

WITH CONFIDENCE

Share your BOQ, drawings, schedule or material list - we support quotation, availability checks, dispatch coordination and documentation.

Simple procurement flow

01 **Share BOQ**
Send drawings, sizes, grades, finish, quantity and site location.

02 **We Quote**
Receive itemised availability, pricing, lead-time and commercial confirmation.

03 **Site Delivery**
Coordinate dispatch with invoice, delivery note and project documents.
